CHINA IS GIVEN ONE DAY

In Which to Accept the Terms of Peace Submitted by the Japanese.

Nicaragua Answers Satisfactorily Britain's Demand for Reparation.

London, April 13.—A Shanghai dispatch says a telegram from Pekin says Japan has presented her ultimatum giving China one day to accept or refuse it. Japan has reduced the indemnity demanded by one million yen. The government is divided as to the acceptance of the Japanese proposals. The peace party are willing to accept but the Honan party are holding out. The position is critical.

The inhabitants of the Tigre region of Abyssinia having asked Italy for protection, Italy has ordered its forces to continue to occupy that country.

At Toeplitz, the famous Bohemian watering place yesterday 25 hotels and boarding houses and a large number of residences were burned. No lives were lost.

An answer to the British ultimatum to Nicaragua has been received at the foreign office. It is understood the reply is so satisfactory that the action which the government threatened to take on Monday next, will not be taken.

McKINLEY AND STEVENSON

Will Probably be the Presidential Candidates in 1896.

New York, April 13.—The canvass of the Republican and Democratic national committeemen is printed by the Evening Telegram to-day. McKinley and Stevenson lead on the Republican and Democratic presidential nomination. Of the Republicans 13 are in favor of McKinley and Harrison and Reed have four each. Of the Democrats nine favor Stevenson, and two Boies. Chicago is the highest in favor as convention city. The campaign issues will be the tariff and finances.

THE WORK OF A FIEND.

Attempt to Burn a House at Sapperton Containing About a Dozen Japs.

Consolidated Railway Co. Purchase N. W. & Vancouver Tramway Line.

New Westminster, B. C. April 13.—A diabolical attempt was made at Sapperton last night to burn a building containing about a dozen Japs who were all in bed and asleep at the time. Coal oil was thrown over the building and set fire to. Smoke awakened the Japs, who got out before the fire had made much headway and extinguished it. An empty building opposite was also fired by the incendaries and was burned to the ground. The Japs lately came here to work in the Brunette mills and their coming gave rise to much bitterness. It was this probably that led to the attempt to burn the Japs alive.

The Westminster and Vancouver Tramway Company including all lines, property etc., was sold by sheriff's sale to-day and purchased by Frank Barnard, M. P. for the Consolidated Railway and Light Company. The amount paid was $280,000.

Twelve of the most desperate criminals in the penitentiary, including Ben Kennedy, the murderer of logger O'Connor at Reid Island, were shipped in a special car to Stony Mountain to-day.

CUBAN INSURGENTS.

Are Still Hopeful, Being Well Armed and Equipped.

Bridgetown, N. J., April 13.—E. P. Hana, of this city, who is captain of Company A, sixth regiment Cuban (insurgent) volunteers, under command of Col Pietro Arotino, writes from a camp near Neuvitas under date of April 4th: "We left Florida near Punta Kassa on April 1, and by exercising considerable ingenuity, we managed to elude the Spanish cruisers and landed near Neuvitas last night. We have in camp here at present two companies of infantry, fully armed and equipped. We are looking for reinforcements in a few days, when we expect to take the field against the Spanish with a full regiment. There is not much doubt that the whole island will be in full revolt against the Spanish before the middle of June. We are well armed and equipped, having brought over with us one thousand Winchester rifles and fifty thousand rounds of ammunition. We expect to receive as much more before April 15th. We expect to take the field after April 1st and commence an active campaign against the enemy. We have good secret service, and are kept fully informed of the plans and movements of the Spaniards. We shall probably fight on the defensive rather than the offensive until we are better organized.

American News.

Pittsburg, April 13.—Oil advanced to $2 to-day and closed at $1.99 here and in Oil City.

Newburg, April 13.—Up to noon nothing has been heard of the train robber Perry or the three other insane criminals who escaped from Matteawan.

Pittsburg, April 13.—Professor Keeler, of the Allegheny observatory, has discovered a ring on Saturn made up of many small bodies. The Satellites of the inner edge of the ring move more rapidly than those of the outer edge.

Springfield, Ill., April 13.—The roof of the north wing of the state house above the senate chamber committee room, was badly damaged by fire today. The fire was caused by tin roofers.

A HORRIBLE DISCOVERY.

Mutilated Body of a Young Girl Found in a Church.

San Francisco, April 13.—This morning several young ladies went to Emmanuel Baptist church on Bartlett street for the purpose of decorating it for easter. They found that the study of Dr. Gibson, the pastor, had been broken open and upon entering it they were horrified by discovering the body of a young girl all covered with blood and slashed and cut in many places. It was found that the unfortunate girl was Minnie Williams of Alameda who had been in the habit of visiting the church. Her clothing was in tatters, making it plainly evident that the fiend who had taken her life had first outraged his young victim. The police are working on the case but as yet have no clue.

RAISING A FORCED LOAN.

Colombian Merchants Called Upon to Pay Large Amounts to the Government.

Indications That the War Has Ended, But Soldiers Are Still Moving.

Panama, April 5.—The Star and Herald says the national government of Colombia has transmitted to the governor of Panama instructions to raise a forced loan of $250,000 monthly. Several merchants have been called on by the governor and have been notified how much they will be required to contribute monthly. A Colombian merchant, it is reported, has to give $6000, and it is believed several others will have to contribute a like sum. On account of the levying of this loan, butchers had contemplated raising the price of beef but the government has issued a decree forbidding any such thing. The price paid to the government at present for each of the cattle slaughtered is $10. It is nearly two weeks now since the government published any official bulletin of the war. This would indicate that the war has ended, as has been claimed. Rumor, however, is persistent in saying that the war is not yet ended. Soldiers left Panama a few days ago for Bonaventura.

This is veritably a relic age when articles even of the most intrinsic value, are greatly enhanced on account of the history and incidents with which such articles may have been associated. The latest, and at that a very interesting addition to the world's relics, is the blood-stained revolver of Catarino Carcia, the notorious bandit, who was killed at Bocas de Oro, on March 8th, when he attacked that place. When Carcia received the fatal shot, he fell, revolver in hand, and when his body was discovered his revolver covered with blood, was still clutched in his hand. The revolver was taken possession of by the governor of Bocas del Oro and forwarded to the governor of Panama, who, taking into consideration the great trouble which Carcia gave the United States, has turned the blood-stained weapon over to Consul-General Viduian, who intends sending it to the United States where it will be turned over to the Washington museum. It is a Smith & Wesson revolver of 44-calibre with six chambers. From a reliable source we have been informed that the Panama railway company has purchased the fine steamships Alliance, Advance and Finance.

N. P. REORGANIZATION.

Cannot be Effected until Times Have Improved.

New York, April 13.—Henry Villard arrived from Europe to-day. He confirms the statement that the Deutsche bank will pay 93 coupons of the Northern Pacific seconds deposited with that institution. He declares this is done with a view of getting control of these bonds. Referring to re-organization of the N. P. road, Villard said: "Until times have improved it is impossible to effect a re-organization." He thought there were too many trans-continental roads for the business.

The will of the late Col. Allan Gilmour, Ottawa, was probated on Saturday last. The estate is valued at $1,452,000, which will add quite an item to the provincial revenue in succession tax. Deceased was unmarried. The bulk of his estate is left to Mr. John Manuel, a connection by marriage and a friend and business ally. He left 109 oil paintings, valued at $11,000. There is $110,000 invested in various stocks, including $40,000 in the Dominion Telegraph Company, and $2500 in the Toronto Globe Printing company. There is $675,000 in bank stocks of which $352,000 is in Bank of Commerce. There is $564,000 on deposit in three banks. The following bequests were made: To his sister, Mrs. John Steele, Scotland, $100,000; to his sister, Mrs. James Manuel, in Scotland, $100,000; to his eldest sister, $10,000; to the Protestant general hospital, Ottawa, $25,000; to John Mather, an old manager of the firm, and business colleague, in various enterprises, $20,000, to James Cunningham, now dead, $10,000, for his services to the firm; to the Old Men's Home $5000. The will is dated June 6, 1891, the day Sir John Macdonald died.

STREET DUEL IN KENTUCKY

Politicians Use Their Pistols in a Crowded Street With Fatal Results.

Bank Cashier Shot to Death by a State Senator—An Old Dispute Settled.

Cincinnati, April 12.—In the business centre of Covington, Ky., John L. Sandford, cashier of the Farmers' and Traders' bank, was killed at 1:30 p.m. yesterday by State Senator William Goebel. Both fired at each other on the crowded street. An hour later one of the wealthiest citizens was dead and a leading politician was in custody in the station house, while the streets were thronged with excited crowds.

Goebel and Sandford were the leaders of two bitterly contesting Democratic factions. The fued is an old one, and it became intensely personal last Saturday, when the Covington Ledger published a very bitter attack on Sandford, which the latter attributed to Senator Goebel. The latter acknowledged the authorship. The friends of both men had been talking in such a manner this week that trouble was expected the first time the two men met. The meeting yesterday showed that both were well armed.

Senator Goebel and Attorney-General Hendricks were walking up Madison street. As they approached the First National bank, Sandford, who was leaning up against the railing, approached quickly toward Senator Goebel and spoke to the latter, at the same time drawing his revolver. Senator Goebel turned to one side just as Sandford fired. The bullet from Sandford's revolver passed through Goebel's coat and his trousers in two places over his hip. Senator Goebel then drew his revolver and fired, his shot taking effect in the right side of Sandford's forehead. The first word was spoken and the first shot was fired by Sandford.

There were but two shots, one by each of the assailants. Sandford's friends deny that the latter was lying in wait for the senator. Sandford was shot over his left eye, blood flowing profusely on the sidewalk before he could be removed. Sandford's mansion is four miles out. His family telephoned friends to bring him home immediately, but he could not be removed. Sandford's son was the only one of the family that reached him before he died. The victim never regained consciousness. He died in less than an hour, and the remains arrived at the homestead about the time of his return in the evening. The police were called in to keep the crowd back from the scene at the bank during the afternoon and evening.

After the shooting, when he saw Sandford fall, Senator Goebel returned to the court, stopping only a moment, and then went to the police headquarters and gave himself up. "Here is the reason I killed him," exclaimed the senator, jumping up excitedly, and turning about he threw his coat tail around and showed where the ball of Sandford's pistol had passed through, tearing a portion of the clothing. "He was lying in wait for me. I saw him when I reached the gas office, about twenty feet away from the steps of the First National Bank. I was on my way to the Citizens' National bank with my friend, Gen. Hendricks. As soon as I saw him reach for his revolver I reached for mine."

The trouble between the two men dates back for years. In the legislature Senator Goebel had a bill giving the city treasurer of Covington power to make the city depository of any bank he desired. Previous to this time the Farmers' and Traders' Bank, of which Sandford was cashier, had been the city depository. The city treasurer had drawn the funds from the Farmers' and Traders' Bank, which at times amounted to $100,000, and made the Citizens' National the depository. Senator Goebel had another bill passed reducing the toll on the Lexington turnpike, of which Sandford was president.

Mr Sandford was 57 years old. His wife was a Marshall, and sister of the celebrated Thomas Marshall, of Kentucky. Mr. Sandford's grandfather was distinguished in the state, being at one time a state senator and a member of the constitutional convention. Senator Goebel is a successful business man as well as a lawyer, and is a neighbor and personal friend of Secretary Carlisle. He is 40 years of age and unmarried. He located in Covington when quite young. He is out to-night on bail.

CLAIM A CITY.

Catholics Claim the Townsite of Vancouver, Washington.

Washington City, April 12.—The United States supreme court is hearing argument in the case of the Catholic bishop of Nesqually vs. John Gibbon, appealed from the United States circuit court for the Washington district. The case, which has been before the executive departments and courts a great many years, involves the title of Fort Vancouver military reservation in Washington. The claim of the estate is based upon the establishment of a missionary station at Vancouver, with the consent of the Hudson Bay company, in 1838, and brings into question the construction of the organic act of Oregon territory and other questions growing out of the laws of the United States touching public lands. The government denies the validity of the claim.

Catarrh Relieved in 10 to 30 Minutes—One short puff of the breath through the Blower supplied with each bottle of Dr. Agnew's Catarrhal Powder, diffuses this powder over the surface of the nasal passages. Painless and delightful to use. It relieves instantly, and permanently cures Catarrh, Hay Fever, Cold, Headache, Sore Throat, Tonsilitis and Deafness. 50 cents. At Geo. Morrison's.

TERMS OF PEACE.

Official Statement from the Legation at Washington.

Washington, April 12.—An authoritative statement of the terms of the peace being negotiated between Japan and China has been secured from official sources. The statement is made in order to clear up much misapprehension arising from speculation. The terms are as follows:

First—The independence of Korea.

Second—Permanent cession of the island of Formosa to Japan.

Third—An indemnity of 300,000,000 taels.

Fourth—Permanent occupation of Port Arthur and immediate contiguous territory.

Fifth—A new treaty opening the interior of China to commerce.

The money indemnity is expressed in Chinese taels instead of Japanese yen. The tael is in reality a weight instead of a coin. It is considered silver money. While at the face value of $1.33 the indemnity would be equivalent to $399,000,000 in silver, it is said the actual value would be between $210,000,000 and $220,000,000 in gold. The fifth term as to the new treaty includes various trade features, such as free access to Chinese rivers. There is no demand for territory on the mainland outside of Port Arthur and its contiguous surroundings.

London, April 12.—The Times has a dispatch from Pekin that the officials in the Chinese capital are largely ignorant of the situation in respect to Japan. The Manchu people strongly resent the idea of ceding Manchuria to Japan. The former war faction is still strong and there is danger of dissatisfaction among the people. This faction would not yield to Japan, but fears that resistance is impossible.

St. Petersburg, April 12.—The Novoe Vremya says that Great Britain has approved the territorial demands of Japan in regard to Manchuria and Corea. Russia will consider herself relieved of the obligations of common action and will oppose Japan on land and on sea.

EDOUARD DE RESZKE.

The Celebrated Singer

Mr. Edouard de Reszke is one of the foremost singers of the time; at present he is charming fashionable audiences in New York, in the lyrical version of "Romeo and Juliet." Recognizing that it is of the utmost importance to the success of the great singer that the system should be kept fresh and elastic, Mr. de Reszke says of the great tonic wine "Vin Mariani:"—"With pleasure I state that 'Vin Mariani' is an excellent tonic, specially useful to singers." This is in harmony with the testimony of many other prominent singers and orators, all of whom agree that "Vin Mariani" has the special virtue of strengthening the voice, besides possessing the power to build up body and brain, enfeebled from excessive strain or overwork. This celebrated tonic-stimulant, containing the medical properties of fresh selected coca leaves, has been used with benefit and delight by most of the great ones of the earth, and if you care to know, not merely what these great ones say, but how they look, send your address to Lawrence A. Wilson & Co., Montreal, and you will receive a number of celebrated portraits free.

CLEVELAND NOT SATISFIED

With the Apology Tendered by Dr. Lansing.

Boston, April 12.—As an outcome of the apology made by Dr. Lansing in the Cleveland episode, a Boston citizen felt that some fellow townsman ought to call upon Dr. Lansing and demand an apology for the statements he made. With this end in view, an apology and proper reparation was forwarded to the President, and to-day the following was received:

"Washington, April 11.—While this so-called retraction is an aggravation of his original offence, I am willing that his further punishment should be left to his conscience and the contempt of his neighbors and the American people.

"GROVER CLEVELAND."

ADVICE FROM BISMARCK.

Russia a Better Neighbor Than Many Another.

Friedrichsruhe, April 11.—Prince Bismarck in replying to a deputation representing the Germans in Odessa today, begged his hearers to foster the political friendship, which he insisted was so necessary to both Germany and Russia, adding: "Russia is certainly a better neighbor than many another." The prince concluded with remarking: "Continue to be good Germans and do nothing to prejudice the friendship of Russia."

CONTINUAL ADVERTISING IS THE ....PRICE OF BUSINESS SUCCESS....

THE ADVANCE IN SILVER.

Due to Speculators—Brighter Prospects for Trade and Prosperity.

New York, April 6.—The late unusual fluctuations in the price of silver have attracted considerable attention. The ups and downs have been largely speculative; but it is not easy to satisfactorily explain the motives of the speculation. The movement has been chiefly confined to London, and has not caused any important operations here, the supply on the market being too small to admit of large transactions. The prospects of a bimetallic convention being called naturally suggests to some the hope of a nearer approach being made to a settlement of the silver question. The price too, has for some time, been exceptionally low; and, in some quarters, it is believed that the product of the metal is declining; but on that point there is considerable difference of opinion. Again, many take it for granted that the payment of the China indemnity, assumed to be 400,000,000 silver yen, or $190,000,000 in gold, will cause a large demand for silver and its subsequent hoarding; which financial manipulators might easily use effectively as an element of speculation. From the standpoint of these factors, there was effective material for such a speculative advance as has been realized. One-half of the recent rise has, however, been lost during the past week; and that fact seems to indicate that the leaders of the movement have taken to realizing. There is an opposite set of factors which might easily make them willing to do so. (1) While there is much probability that another silver conference may be called, yet the chances of its reaching any substantial agreement are a different matter. (2) The best authorities on this side of the Atlantic take little stock in the supposition that the American product is diminishing. (3) The purchases of war material in Europe by the belligerent Asiatics have been to a very large amount, some estimate 50 to 60 millions; and payments for them have been made in the silver of the two nations, which is now held by Asiatic agents of the European banks that have collected these funds, available for use in the Asiatic exchanges, and which acts as a preventive of exports of silver from Europe to Asiatic centres. And (4) while there is little doubt that China may have to pay a very large amount of silver to Japan, yet it is evidently intended that the payments shall be made in installments extending over a long period; and the indemnity will thus be simply a transfer of silver from one Asiatic country to another and may have little bearing on the silver movement between Asia and Europe. As a matter of speculation, therefore, this silver situation has many sides to it and many uncertainties.

Employers are encouraged by the brighter prospects for a gradual and almost sure return of prosperity. For the first time in many years, extensive railroad building is beyond doubt about to be commenced. A larger construction of mileage will probably be made in the coming year than for several recent years past. This cannot fail to give considerable increase of employment to labor, as well as an impetus to the profitable production of iron and steel. The very large advance in leather goods of every description, with an active demand, has already put that industry back to its former prosperity. Cotton and woollen goods are also finding an increased demand at advancing prices.

LOOKS LIKE MURDER.

Mystery Regarding the Skull Found at Clover Valley Cleared up.

Mr. W. C. Jones of Clover Valley, on whose land a skull was recently found, has thrown some light on the mystery. In December last a Swiss, named John Roy, who had resided in Westminster district for the last fifteen years, was working for Mr. Jones. It is believed that he had saved a considerable sum. He left Mr. Jones' employ about the end of December, at which time Mr. Jones owed him $11 and promised to pay him in a few days. Three months previous to this a man, who called himself George Dewman, arrived from the American side and undertook to do some clearing of a ranch belonging to Chief of Police Carty of New Westminster. Dewman was very reserved and did not impress the people favorably. He was always complaining of being hard up, and frequently expressed the wish that he had a little money.

When Roy left Jones' farm he went to Dewman's shack and remained with him three days, when Mr. Jones paid Roy the amount due. From that day nothing has been seen or heard of Roy, and what makes the matter more suspicious is the fact that two letters have since been sent to Roy's address at Cloverdale notifying him that certain moneys due him by Maple Ridge parties would be paid on application. Roy never indicated that he intended leaving the neighborhood.

The day following the payment of the $11 to Roy by Mr. Jones, Dewman visited Blaine and mailed a registered letter. He also made various purchases, including some new clothing. While in Blaine Dewman received intelligence that caused him some uneasiness, and Mr. Jones who visited Blaine the same day, learned that Dewman was wanted on the American side for some crime, and, his whereabouts having been discovered, extradition proceedings were to be taken to secure his return to the United States. The next day Dewman disappeared and has not been heard of since. So far as can be learned, he told no one of his intended departure.

Taking all these circumstances into consideration, it is the opinion of Mr. Jones and many other farmers in the neighborhood that the authorities should bestir themselves in the matter. Not a few firmly believe Roy has been murdered, and that the skull found belonged to the missing man.

STANDARD OIL TRUST.

They Gather in Several More of the Smaller Concerns.

Pittsburgh, Pa., April 11.—The Standard Oil Company has just closed negotiations for the purchase of the property of the Ventura Oil Company in the McDonald region of this state. The property consists of eighty-eight wells and several thousand acres of land. The wells have a daily production of one thousand barrels of oil. The prices paid was $550,000. This is the third recent purchase made by the Standard. The purchases aggregate $2,420,000. The Ventura company was controlled and operated by the Wheeling Natural Gas Company. The sale was formally made to the Forest Oil Company, which is a Standard concern. The South Pennsylvania Company has made a good strike in the Jacks Run Field, Monongahela county, West Virginia. The well is producing 250 barrels a dey.

Hood's Cured After Others Failed

Scrofula in the Neck—Bunches All Gone Now.

Sangerville, Maine.

"C. I. Hood & Co., Lowell, Mass.:

"Gentlemen:—I feel that I cannot say enough in favor of Hood's Sarsaparilla. For five years I have been troubled with scrofula in my neck and throat. Several kinds of medicines which I tried did not do me any good, and when I commenced to take Hood's Sarsaparilla there were large bunches on my neck so sore that I could not bear the slightest touch. When I had taken one bottle of this medicine, the soreness had gone, and before I had finished the second the bunches had entirely disappeared." BLANCHE ATWOOD, Sangerville, Maine.

MUCH LIKE A MIRACLE.

A STATEMENT FROM A WELL-KNOWN BERLIN MERCHANT.

How His Daughter Was Restored From the Terrors of St. Vitus Dance—Her Case One of the Worst Ever Known—Has Fully Recovered Her Health.

From the Berlin News.

The readers of the news have been made familiar with the virtue of Dr. Williams' Pink Pills for Pale People through the articles appearing from time to time in these columns, and while the druggists say that many in this vicinity have received undoubted benefit from their timely use, it is only recently that we have heard of a cure in Berlin of such importance as to take rank among the most remarkable yet published. There is hardly a man or woman in the town of Berlin, or Waterloo county, who does not know Mr. Martin Simpson, issuer of marriage licenses and general merchant, King street. Anything said by Mr. Simpson will be implicitly relied upon. A day or two ago we had a talk with him in reference to his fourteen-year-old daughter Helen, who has for two years been a great sufferer from St. Vitus dance. He tells us that it was the worst case he ever saw. She did not sleep for whole nights and was an intense sufferer. She was totally helpless and could neither eat nor drink unless administered to her by her parents. The best medical attendance was had, but all to no avail. She kept getting worse and worse, and finally, when in the paroxysms, commenced to froth at the mouth, and her parents believed she was going out of her mind. Though unable to walk for about eight months she would in her spells have fits, making her jump high above her couch. While in this condition, the worst case ever seen in this place, Mr. Simpson, as a last resort, purchased some Pink Pills and gave them to his suffering and afflicted daughter. He assured us that in thirty hours she found some relief. In a week the "dance" was entirely stopped and she was able to sleep, and was rapidly regaining her former strength. Some months after the use of the Pink Pills was discontinued she again had touches of disease, but a few doses of the pills stopped it, and for the last eight months has been entirely free from the terrible malady from which no one who knew the circumstances, expected she would recover, and her parents, as may be expected, are warm in their praises of the wonderful remedy which worked such great results. These facts are known to all who are acquainted with the family and further comments are wholly unnecessary.

When such strong tributes as these can be had to the wonderful merits of Pink Pills, it is little wonder that they are the favorite remedy with all classes. They are an unfailing specific for locomotor ataxia, partial paralysis, St. Vitus dance, sciatica, neuralgia, rheumatism, nervous headache, and after effects of la grippe, palpitation of the heart, nervous prostration, all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, suppressions, irregularities, and all forms of weakness. In men they effect a radical cure in cases arising from mental worry, overwork, or excesses of any nature.

These pills are manufactured by the Dr. Williams Medicine Company, of Brockville, Ont., and Schenectady, N.Y., and sold in boxes (never in loose form by the dozen or hundred, and the public are cautioned against numerous imitations in this shape) at 50c. a box, or six boxes for $2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, at either address.

UMRA KAHN TIRED.

He Releases the Sepoys Recently Captured by His Forces.

Simla, April 12.—Umra Kahn, chief of Jandol, against whom a British force is carrying on a campaign, growing out of his invasion of Chitral, has released the Sepoys recently captured by his forces. The Sepoys have reached the British forces and report that Lieut. Edwards and Fowler, who were also captured by Umra Kahn, are still held as prisoners. The Sepoys assert that Umra Kahn is unwilling to further fight the British.

BRIEF LOCALS.

Gleanings of City and Provincial News in a Condensed Form.

—The oolachan run in the Fraser continues light. The heavy run is due in the middle of next week.

—Rev. Ralph Trotter, late of Barrie, Ont., has been called to the pastorate of Calvary Baptist church.

—The general meeting of the Fire Underwriters' Association will be held at Vancouver the 23rd instant.

—The extravaganza "Ruins from Rome," will be presented at St. John's guild-rooms, Herald street, on the 23rd instant.

—The W. C. T. U. are thinking of sending a missionary to the lumbering districts on the Mainland. The subject will be discussed at the next meeting of the association.

—The outgoing Atlantic express on Wednesday carried more passengers than in months past. Besides the saloon passengers of the Empress of Japan, there were four carloads of Chinese en route to the West Indies to work on the sugar plantations.

—E. B. Rooklidge and Miss Carrie Bloomfield, well known young Victorians, were united in marriage on Thursday evening at the residence of the bride's mother, 113 Chatham street. The ceremony was performed by Rev. S. Cleaver. The bride was attended by her sister, Miss Lizie Bloomfield, and the groom was supported by A. J. Bates.

—Thursday's issue of the British Columbia Gazette gives notice of the dates and places at which courts of assize are to be held. The spring assizes will be held as follows: Nanaimo, May 7; Westminster, May 17; Vancouver, May 21; Clinton, May 28; Kamloops, June 3; and Vernon, June 10, with special assizes at Donald on June 14, and at Nelson on June 19.

—A Port Townsend dispatch says much uneasiness exists in shipping circles over the long voyage of the schooner Aida, Captain Anderson, which sailed from Moodyville, B.C., January 14, for Shanghai, lumber laden. The vessel is a staunch, fast sailer, and usually makes the passage in 40 days. Her master is experienced in the North Pacific and the China sea navigation, and hopeful ones believe he will turn up in due time.

—The British Columbia Oil and Guano Company, Limited, has been registered in England with a capital of £20,000 in shares of £5, to carry into effect an agreement dater the 11th of March, 1895, between Mr. W. Pears of the one part, and the company of the other part, and to transact in the United Kingdom, British Columbia, or elsewhere, the business of manufacturing, refining, and dealing in all kinds of guano, oils, furs, etc.

—The annual examination for probationers in the Methodist church, in the district of Victoria and Westminster, began Wednesday in the Homer street church, Vancouver, and finished on Friday. Ten candidates, at different stages in their four years' course, came up for examination in theology, history, logic, metaphysics, literature and other subjects. The Rev. T. W. Hall, chairman of the board of examiners, presided, and was assisted by Rev. S. J. Thompson, secretary of the board, Rev. Coverdale Watson, and Rev. W. W. Baer, secretary of the conference, and several other ministers.

—Messrs. Gilley brothers are getting out one hundred ship spars at the logging camps on the North Arm, for the Hastings Mills, Vancouver. The spars are designed for Sydney, N. S., where they will be used in shipbuilding, and will be carried round the Horn in a sailing vessel, due to leave next month. The spars must not be shorter than 65 feet nor exceed 95 feet, and at the centre must have a diameter of from 14 to 23 inches. Each spar will be of clean fir timber, and free from cracks, knots, or other defections. They will be squared at the camp to reduce the weight as much as possible. A similar order is being filled at McPherson's camp on the North Arm.

—The Dominion steamer Quadra, which arrived from Nanaimo on Thursday evening, stopped on the way down and located the reef at Coal Island, Colbourne passage, on which the Joan grounded. The reef extends off the west side of Knapp island for a distance of 80 yards from low water mark, and it was on the end of the reef that the Joan grounded, as some copper was found on the rocks. With the exception of this short spit extending from the Knapp island shore, the passage between Knapp and Piers islands is a safe one, the least depth being five and a half fathoms.

—At the Y. M. C. A. concert to-night the following programme will be given: Piano solo, Mr. Burnett; recitation, Mrs. B. Davis; song, Mr. A. Wheeler; banjo solo, Mr. Tweedy; violin solo, Mr. Arthur Rhodes; humorous selection, Mr. H. Gilder; and harmonica solo, Mr. J. Hill. Then will come the special feature of the evening—a gymnastic exhibition to consist of tumbling by Messrs. H. Mellish, C. Wriglesworth and C. Esnouf; Indian club swinging by Mr. H. Gilder; horizontal bar work by Messrs. G. Tite, H. Mellish, H. Roper, J. Sharp and C. Esnouf; parallel bar performance by Geo. Tite, A. W. Peterson, C. Esnouf, C. H. Erskine, W. Peden, H. Roper, J. Sharp, C. Wriglesworth and H. Mellish.

—Collector of Customs Milne has received a notice from the department of fisheries re sealers' claims and which reads as follows: "Notice is hereby given that of the amount allotted to hunters and seamen in the award of Her Britannic Majesty's government, as compensation for loss in respect of the modus vivendi in Behring Sea during 1891, a balance of the sum allotted to hunters and seamen on board certain of the vessels, whose claims have not yet been presented, remains unpaid. The lords commissioners of Her Majesty's treasury have granted an extension of the time for receiving claims from these hunters and seamen on lay (or their legal representatives) to share in the compensation, up to the 31st day of March, 1896. All outstanding claims must, therefore, be sent to the collector of customs, at the custom house at Victoria, British Columbia, on or before that date, and no claims will be received or considered thereafter."

—On the 14th of April, 1866, twenty-nine years ago, the steamer Labouchiere was wrecked at Point Reyes while on her way to Victoria. The only survivors of the wreck now living here are W. A. Elliott, J. H. Scott, R. B. Devlin, Alex. Mount, E. Dickenson, D. Stephen and Frank Sylvester.

—The performances of Verdi's grand dramatic opera "Il Trovatore" on Tuesday and Wednesday evenings, April 16 and 17, give every promise of far excelling anything ever produced by a local company. The date of the matinee has been changed to Saturday, April 20th, when a complete performance of the opera, including the ballet divertisement and the gypsy dances will be presented. A full dress rehearsal with orchestra takes place to-night at 7:45 sharp. No strangers will be admitted.

—After a hearing lasting a couple of hours in police court this morning James Gordon was committed for trial for breaking into a house of ill repute at 35 Chatham street. It was shown by the prosecution that Gordon had come to the house late in the afternoon of the 10th inst. and had forced an entrance through one of the windows. Frank Higgins for the defence proved by the landlady that Gordon had previously visited the house frequently, that he was sometimes employed to do errands and that she would not have been very much surprised had she seen Gordon coming in. Mr. Higgins contended that there was no intent proven.

In the Spring

Nearly everybody needs a good medicine. The impurities which have accumulated in the blood during the cold months must be expelled, or when the mild days come, and the effect of bracing air is lost, the body is liable to be overcome by debility or some serious disease. The remarkable success achieved by Hood's Sarsaparilla, and the many words of praise it has received, make it worthy your confidence. We ask you to give this medicine a trial. We are sure it will do you good. Read the testimonials published in behalf of Hood's Sarsaparilla, all from reliable, grateful people. They tell the story.

—The Victoria & Sidney Railway Co. are making arrangements to give the residents of Salt Spring and other islands of the gulf a daily service. They intend to place a steamer on the route between Sidney and Vesuvius bay, calling at all intermediate ports. The steamer will connect with the Victoria & Sidney train both going and returning, so that the islanders will be able to come to Victoria in the morning, transact their business and return in the evening. The company are now negotiating for the purchase of a steamer and hope to have her on the route in a few days. This will be a great boon to the settlers, who at present have only a weekly service by the steamer Joan.

The Daily Times.

THE ALBERNI CANDIDATE.

An Alberni correspondent gives Mr. George A. Huff, one of the candidates for the provincial house, a certificate of competency which, from a personal knowledge of that gentleman, the Times is in a position to fully endorse. Mr. Huff, it is true, is a candidate in the government interest, and if elected will undoubtedly support the Turner administration, as long as he believes the Turner administration's policy is calculated to promote the welfare of the province and incidentally does justice to the important district of Alberni-Cowichan. But Mr. Huff is not a hide-bound party politician, and does not possess the qualities of docility and subserviency which are essential to membership in the thumbs-up brigade, and so may be expected, notwithstanding his professions of confidence in the government, to become a useful member of the house. A man of intelligence, upright in his dealings, fearless in the expression of his opinions, enterprising in business, and possessing unlimited faith in the future of Alberni, of which he is a pioneer, he would be an acquisition to the legislature. It would be only fair to Alberni district for the Cowichan electors, who are in the majority, to admit the claims of the West Coast to a resident representative, and withdraw the opposition to Mr. Huff. Major Mutter, the other representative of the constituency, is a resident of Cowichan. One live M. P. P. ought to be enough in one locality.

THE BRITISH PACIFIC.

The extraordinary sentiments uttered by Messrs. Earle and Prior, at the board of trade meeting, and which have been commented upon by Mr. William Wilson, of Government street, in a letter to the Times, are strangely in line with the utterances of Sir William C. Van Horne in December last. For the purpose of comparison the views of these three "friends" of the British Pacific are placed side by side:

"There is not a man, woman or child in Canada who is seriously thinking of any such scheme. It is very easy to get a charter for a railway in Canada, but it is practically impossible to get a subsidy as the government has shut down on all subsidies."—Sir William C. Van Horne, Dec. 29th, 1894.

"No bona fide company has been formed for the construction of the British Pacific"—Thomas Earle, M. P., April 5th, 1895.

"There is nothing but a cock and bull story about a charter and a company."—E. G. Prior, M. P., April 5th, 1895.

There is an omicous unanimity between Van Horne, Earle and Prior. It was not expected that the president of the C. P. R. would be a friend; neither was it expected that the representatives of Victoria—two charter members of the company—would be enemies. Is there any collusion between the three gentlemen? On no other theory can the hostility of the two Victorians be explained. Sir William Van Horne spoke in London and no doubt his statements will do untold injury to the project; Mr. Earle and Mr Prior spoke in Victoria, and, for some unexplained reason, placed a weapon in the hands of the enemies of the road that will some day be used with fatal effect at Ottawa. They deliberately lent themselves to Van Horne to kill an undertaking that they are partly responsible for initiating, and for which with others they recently demanded large provincial and municipal aid. The weakness of the British Pacific promoters lies—not in the fact that there is no bona fide company, as stated by Mr. Earle, or that the road is impracticable—but in the antagonism of the C. P. R., which controls federal railway legislation. It is nonsense to say, as Mr. Earle said, that a company prepared to build the road must be organized before asking for Dominion assistance. The C. P. R. Company was not prepared to go ahead before it got its enormous grants of money, lands and other valuable concessions. That road would not have been built today if the views of Mr. Earle in regard to railway construction had prevailed. There was, as a matter of fact, no "bona fide company" to build the C. P. R. until Canada gave the syndicate $25,000,000 in cash, 25,000,000 acres of land, and $36,000,000 in completed railway, which was the capital upon which a "bona fide company" was founded and successfully carried through the great undertaking.

We observe an anonymous writer questions the accuracy of the Times report of the board of trade meeting. Our report was strictly accurate, the offensive remarks of Messrs Earle and Prior having been recorded in shorthand at the moment they were uttered. Our report was published on the 6th instant. Mr. Prior did not leave for Ottawa for four days after, and Mr. Earle is still in the city. They have not disputed the report. Possibly, as the writer in question insinuates, they became petrified after the discussion, and every person knows petrifactions do not speak either in their own defense or in the interest of a community. One startling fact, however, cannot be disputed, Messrs. Earle and Prior placed themselves in antagonism to a request for Dominion assistance and used their influence to defeat Mr. Wilson's resolution. Had Sir W. C. Van Horne been present at the board meeting, he would have done precisely the same thing. But Sir William Van Horne would be able to give a reason for his hostility. What excuse have Messrs Earle and Prior to offer?

POLITICIAN OR JUDGE?

Chief Justice Davie returned from the east on Thursday evening. The inevitable Colonist interview and "puff" followed. This is surely the last we will hear from the organ about the chief justice as a politician, and, goodness knows, it is time the poor fellow—who is the stamp of a man who hates adulation—was saved from the attacks of his newspaper friend. Give Mr. Davie a rest.

Mr. Davie will probably discharge the responsible duties of chief justice to the satisfaction of the public. There are many instances in Canadian history where an unscrupulous politician became an able and upright judge, and a good many of Mr. Davie's old opponents are of the opinion that the paradox will receive fresh illustration of his case. But he must be judged as a judge and not as a politician, if he is to win the confidence and respect of his fellow-citizens; and the sooner, therefore, he becomes divorced from the past and the Colonist the more likely will he be to gain that position in the community that every judge must have to fully and acceptably discharge the duties of his high office.

The "organs" might have asked the chief justice if he could explain the reappointment of Fitzsimmons to the Westminster penitentiary. The impression seems to be general, although the reason does not appear evident, that Mr. Davie had a hand in the business; and it would have been reassuring to learn from his personal organ that he had not advised, and did not approve an act that directly flouts the judicial proceedings conducted by Mr. Justice Drake and sets a premium upon unfaithfulness in public servants.

The organ has not yet had the courage to mention the reinstatement of Fitzsimmons, whose case has been discussed by every leading paper in Canada. Even the Halifax Chronicle knows all about it, for in a late issue it says: "Minister of Justice Tupper has undertaken to reverse the decision of a very much abler and better man—the late Sir John Thompson—in the British Columbia penitentiary case. The late premier's decision was in accordance with the report of the royal commission which investigated the irregularities and peculations complained of and was therefore calculated to impress upon government officials the necessity of public honesty and faithfulness. What lesson will Tupper's reversion of that decision teach?"

The duty that should have been performed by the Colonist has, however, we are glad to see, been discharged by the News-Advertiser, whose representative elicited from the chief justice a disavowal of responsibility for the Fitzsimmons scandal. We are sincerely glad to know that our new chief justice has thought it incumbent to explain that his hands are clean in this connection. Having published the rumor we cheerfully print the denial. The organ might at least have done as much.

EDITORIAL NOTES.

Among the newspaper correspondents at Ottawa, who were as a body denounced by Sir Hibbert Tupper for telegraphing the news of the minister's resignation—which Sir Hibbert said was untrue—was the correspondent of the London Times, whose dispatch is copied by the Canadian Gazette.

It is understood, says a London Times telegram, that the imperial authorities have given assurances that a British colony is not a "third power" in the sense in which the words appear in the Canadian treaty with France. Hence France could not claim equal privileges with Canada in the event of a preferential arrangement with the Cape or Australia.

An Odessa correspondent of the London Times says: "Up to the present time Russia's Asiatic outlet at Vladivostock has always been regarded as closed during the winter months; but this fact no longer exists, because the cruiser Kostroma, which was sent out as a trial, was not only able to land the reinforcements of soldiers she carried out, but, with the aid of the ice-breaker which was recently sent there, the cruiser got alongside the government quay and discharged the heavy guns and other war material she took out from there. This was done in the depth of winter with the cold at such a point that the opening she made was fast frozen half an hour afterwards. It is now known for the first time since Russia has become an Asiatic power that she has a marine outlet for offensive and defensive purposes that can be termed open all the year round."

Is the winding up of the B. C. Terra Cotta Company a result of the National Policy? Not necessarily, but it may be taken as an evidence that the N. P. did not make the enterprise prosper.

J. C. Taylor, of Taylor, Scott & Co., Toronto, before the Ontario public accounts committee, testified that there were men in the employ of that firm making washboards who earn only five dollars a week. The cause was not attributed to the N. P. but the prison labor competition.

The Nelson Miner:—The Colonist begins an article thus: "The Times does not attempt to account for the misery, poverty, the dissatisfaction, etc., in Great Britain to-day." Probably the Times does not account for it because Great Britain happens to-day to be the richest country, per capita, in the world.

The minister of justice does not seem to be doing any hustling in pushing the prosecution against Contractor St. Louis for the Curran bridge steal. Perhaps he has been too busy resigning; or perhaps every time he says "Curran bridge steal," Minister Ouimet, the friend of Contractor St. Louis, retorts with "Hard Pan Claims' scandal." That silences Tupper.

The Canadian Gazette: "We have not yet learnt what answer the British government intends to make to the request of the sealers that the $425,000 should be advanced out of the British treasury to meet their pressing needs; but, pending an answer to that request, and pending the further and prolonged negotiations, which the action of congress has forced upon the various governments, they surely have a right to look to the British government for such protection as would be found in a refusal to consent to the enforcement of the regulations in the present year. It is well to safeguard the seals, but it is far more incumbent upon British ministers to safeguard British subjects from injustice, and we trust a sympathetic hearing will be given in Downing street to the earnest representations which have been made from Ottawa with this end in view."

NANAIMO NEWS.

Residents of the Coal City to Celebrate the Twenty-Fourth.

Nanaimo, April 12.—A public meeting of the citizens was held in the council chamber on Thursday evening, for the purpose of making arrangements for the annual celebration of Her Majesty's birthday. Mayor Quennel presided. The arrangements made were merely of a preliminary nature. Another meeting will be called when the manner of celebrating will be decided upon.

The old story about the E. & N. railway removing the depot to Newcastle townsite is again being revived. Another taking story is being coupled with it, viz: that a fast steamer is to be put on the Nanaimo and Vancouver route, to connect with the line.

Good Friday was spent in a very quiet manner throughout the city. The business men gave themselves a holiday, many of them enjoying the trout fishing.

The Mainland vs. Island football match on Monday is looked forward to by lovers of the sport with keen interest. The Caledonian grounds are in fine condition for the match.

Prof. Barber's pupils will occupy the bourds of the opera house on Tuesday night with the production of "Rose Queen." The children have been well trained in their parts, and it is expected that they will acquit themselves with credit.

SPRING TRADE.

Travellers Say That the Outlook Is Quite Hopeful.

Chicago, Ill., April 13.—More than two hundred travelling salesmen have been interviewed on the condition of spring trade in the west. They are unanimous in reporting as satisfactory the present trade conditions and the most hopeful possible outlook for the future.

MIMIC WARFARE.

Local Militiamen Skirmish Over the Peaceful Hills Back of Town.

There was not a very large turnout of the headquarters companies of the B. C. B. G. A. for the march to Oak Bay yesterday, but for those who did participate the day was profitably and enjoyably spent. At 10 o'clock in the morning, the hour of assembly, not more than 125 men out of a total strength of 300 were in uniform. There was not a sufficient force to divide up, so as one battalion the three companies marched to Foul Bay, threw out outposts and skirmished to Oak bay. It was hard work clambering over the rocks but the men kept bravely to their work and the exercise was splendid for them. There were many spectators along the line of march, particularly at Oak bay, and it looked quite real to see the men scaling the cliffs and charging up canyons. At Oak bay shortly after noon the "day's rations" were dispatched and Lt.-Col. Peters, D. A. G., addressed the men. He complimented them on their proficiency, praised the work of the day and said the only drawback was the lack of numbers. It is to the credit of No. 3 company, Lieut. F. B. Gregory, that it had by far the largest muster.

A SPLENDID TRIP.

N. P. Liner Sikh Comes from Yokohama in Less Than 14 Days.

The N. P. Liner Sikh arrived here this morning after a splendid run from Yokohama being something under 14 days in making the trip. She had very good weather from the time she left Hong Kong on March 20, and the voyage was made without incident of special mention. The vessel was at Moji when Li Hung Chang was shot and there was the greatest excitement in that city over the affair. The Sikh left Yokohama only two days after the Empress of Japan and has little news of special importance.

Her cabin passengers were Mr. Collyer, Mr. Johnson, Captain Morice and E. T. Mehl. Captain Morice was master of the British ship Bristol sold to the Japanese government and is on his way home to England. There were 154 Asiatics in the steerage, and 113 of them, mostly Chinese, left the vessel here. The cargo consisted of over 2000 tons of general freight of which 800 tons is being discharged here. The work of unloading will be completed late this evening and the ship will leave for Tacoma early in the morning.

AMERICAN PROTECTORATE.

Over Venezuela not Approved in Central America.

Mexico, City, April 13.—The suggestion of the United States to acquire a protectorate over Venezuela by consent of the Venezuelan people, the better to resist English aggression there, is not approved here or in Central America. Statesmen in this region would regard such a move as unwise and unnecessary. As long as the United States maintains the Monroe doctrine, the United States is considered amply able, under that doctrine, which is now a part of the unwritten law of this hemisphere, to interfere to keep England from taking any territory from Venezuela or Nicaragua. Mexican public men think England's aim in her policy towards Nicaragua is to prevent the American government exercising exclusive dominion over the ship canal.

NEW TORPEDO BOATS.

One to be Built by the Union Iron Works.

Washington, April 13.—Secretary Herbert has decided to award the contract for one of the topedo boats to the Union Iron Works of San Francisco. It is to be constructed on a slight modification of the department plans, with a guaranteed speed of 26 knots. It will cost $125,000. In reaching this decision, Herbert has followed the suggestions of the special torpedo board and his own inclination to secure at least one remarkably fast vessel, while keeping the cost of the three within the approximation. The slight increase in the price of the San Francisco boat is offset by the expense which would be caused by sending the boat from the Atlantic to the Pacific as well as by the guarantee for extra speed.

Victoria Lacrosse Club's Resignation Accepted by the B. C. Association.

Rugby Football Club's Athletic Meeting This Afternoon—Road Race.

The athletic sports being held this afternoon at Caledonia Park by the Victoria Rugby football club, drew a large number of spectators. The weather was favorable, the grounds being pretty well protected from the high wind that was blowing during the day. Finn's band was in attendance and did much to enliven the proceedings. The events were keenly contested, the entries from outside athletic clubs assisting materially in making the sports successful. The officers of the day follow: Committee—H. B. Haines, E. A. Carew Gibson, J. F. Foulkes, Q. D. H. Warden, J. M. Mills, C. G. Skene and J. Fraser, (honorary secretary); J. K. Macrae, (honorary assistant secretary); Judges—W. C. Ward and F. B. Gregory; referee—Captain C. P. Wolley; starter—Captain Barnes, R. M. A.; timekeeper—Dr. Douglas Corsan; clerks of the course—W. E. Fisher, G. L. Sidey and F. Wollaston.

100 yards (club)—1. J. S. Byrn; 2. J. F. Foulkes. Time, 10 3-4 seconds. There were five entries.

Place kick (open)—1. E. Larsen Blanck, Seattle Athletic club; 2. J. F. Foulkes and H. A. Goward equal. Goward and Foulkes will kick off the tie for second place.

Quarter mile (club)—1. J. S. Byrn; 2. J. F. Foulkes. Time, 59 2-5 seconds.

220 yards (schoolboys) handicap—1. H. Wilson; 2. E. L. Blanck; time, 26 3-4 seconds.

100 yards (open)—1. J. F. Foulkes; 2. H. H. Connor, Seattle Athletic club. Time, 10 2-5 seconds.

Throwing lacrosse ball.—1, H. Morton, 145 yds.; 2, C. L. Cullin, 114 yds.

One mile (club)—1, F. J. Daniels, 2, W. A. Cornwall; 3, E. A. C. Gibson. This race was well contested. Daniels took the lead in the second lap and kept ahead until he had reached the flag. There was a good run between second and third men. Time, 5:15.

THE WHEEL.

THE ROAD RACE.

The fifteen-mile bicycle road race yesterday was a great success, excellent time being made and the contest for supremacy being keen to the finish. Hewartson, who got the greatest handicap, took first place with Moody second, while Penwill made the best time, with Moody second again in that respect. The men started from the Dominion Hotel in the following order and time: Hewartson, 2:30; Gilbert and Wille, 2:31; Moody, 2:33; Bush, 2:34; Penwill, 2:39, and Alley scratch, 2:40. There was a big crowd gathered about, and the race was watched until the last man had climbed the hill on Upper Yates street. The officials had hardly time to reach Beacon Hill when Hewartson, who led all the way to Oak Bay and back the beach road appeared in sight. He finished in 55:14, Moody second in 53:21. Gilbert 3rd in 55:03. Bush 4th in 56:31, and Penwill 5th in 52:49. A big crowd gathered at the hill to see the finish and were shown some splendid riding for the track was very smooth and all the men made the seven circuits of it in good time. Alley was thrown by a collision with a dog and was badly shaken up. Gilbert and Hewartson were also thrown but neither were hurt at all. Wille only ran the first six miles, being in bad form. The officials of the course were Messrs. Gibbons, Edwards, Jeffree and Bradley.

THE GUN.

GOOD FRIDAY SHOOT.

Bright and splendid weather induced 28 members of the Victoria gun club to go to Langford's Plains to shoot for the club trophy and class prizes. The club trophy was shot for at 15 known trap and angle and 15 known trap and unknown angle. W. H. Adams was the winner. The scores follow:

LACROSSE.

RESIGNATION ACCEPTED.

At Vancouver on Thursday R. Hall, A. Larwell, E. A. Quigley, J. J. Cambridge, James Leamy and James Read met to discuss the resignation of the Victoria lacrosse club from the association, and read and discussed the official announcement of the result of the meeting of the Victoria club Wednesday night. After all present had spoken at length, the following resolutions were put to the meeting and unanimously carried:

"Moved by J. Leamy, seconded by A. Larwell, that the resignation of the Victoria Lacrosse Club be accepted."

"Moved by J. J. Cambridge, seconded and carried, that the annual meeting of the provincial association be postponed till Tuesday, the 16th April, to be held in the city of Vancouver at the Hotel Vancouver at 4:30 p.m.

SECURE GROUNDS.

The Capital Lacrosse Club has accepted proposition of Mr. Hedley Chapman, manager of the Tramway company for grounds at Oak Bay. Mr. W. A. Ward for the Caledonia Park syndicate also submitted a proposal. The tramway company's grounds are situated at Oak Bay. The Capitals have leased the grounds for three years, upon terms which give them the use of the grounds rent free for the first year. Grand stands, club house and other necessaries will be erected at once. In the meantime the club will take advantage of the generous offer of Mr. Virtue of the Mount Baker Hotel, who has allowed them the use of dressing rooms.

MISCELLANEOUS.

SATURDAY HALF HOLIDAY.

John Graham, the manager of the football team and of the athletic meets of the Boston Athletic Association, has written to a friend in this city saying: "As to the athletic question of which you speak, I believe that athletics will not be prominent not take the place they should until there is a general Saturday half holiday for the masses. You see that a mechanic at present has no time that he can devote to sport except to read about it Sundays in the papers, and no matter how he may long to, he cannot get into it except by losing time at his business. If he had that half day off he would be looking forward to it and would go out to compete in some event to his liking. This is the secret of the popularity of athletics in England. There the masses have the half day off and pass it in a way of great benefit to them physically. England is par excellence a nation of athletes, and it is by virtue of this half holiday on Saturday. If we had it here we would be the greatest athletic nation under the sun."—Seattle P.-I.

FOOTBALL.

The Rugby season will close on Monday with the Island vs. Mainland match at Nanaimo. The Island team will be composed of eight players from Nanaimo and seven from Victoria, as follows: H. Petticrew (Victoria), full back; S. Webster, E. Marshall (Nanaimo), J. M. Miller, and J. F. Foulkes (Victoria), three-quarter backs; J. Quine (Nanaimo), and F. Smith (Victoria), half backs; G. Green. Committee, W. R. Wilson, R. C. Trimen, J. H. Lawson, A. Langley, and A. Goward. Arrangements are being made for a series of matches with other clubs.

BASEBALL.

The Fernwood Juniors defeated the Spring Ridge nine on the diamond at Beacon Hill Good Friday afternoon. The score stood 35 to 21. There was a large number spectators and great enthusiasm was manifest by the supporters of each team. Colquet secured 7 runs for the Fernwoods and Pitcock 6. Atkinson and Elford got 5 each. For the Spring Ridge team Bull piled up 6 and James Holmes 5.

Like a Solid Ball.

The Horrors of Terrible Indigestion.

The Awful Sufferings Can Only be Banished by Paine's Celery Compound.

Mr. Pethick, of Bowmanville, Ont., Tried all the Advertised Sarsaparillas and Pills Without Any Good Results.

WAS CURED BY NATURE'S MEDICINE.

Are you a sufferer from indigestion, one of the most common diseases of modern times? If you are, be sure this awful trouble demands instant attention, because it is one of the most obstinate and lingering of diseases.

The symptoms are, coated tongue, putrid or bitter taste in the mouth, want of appetite, headache and heaviness in the head, dulness, constipation, inactive bowels, nausea, and frequently vomiting of food and bile.

As a perfect cure physicians now prescribe and recommend Paine's Celery Compound; the action of this noted medicine is prompt and decisive. It never fails to regulate the action of the digestive organs, and it always restores perfect health. Numberless testimonials have been sent in from people of Canada, proving clearly that no other medicine in the world can so thoroughly meet the tortures of indigestion and dyspepsia, as Paine's Celery Compound.

Mr. Thomas Pethick, of Bowmanville, Ont., writes for the benefit of suffering men and women; he says:

"In the interests of sick and diseased people I have decided to testify in favor of Paine's Celery Compound. For three years I suffered from indigestion and all the horrors it usually brings. Day after day my food lay like a solid ball on my stomach and I could get no relief. I tried all the sarsaparillas and pills advertised without any good results. A friend advised me to use Paine's Celery Compound. This was indeed the medicine for my case, as seven bottles perfectly cured me: I am now able to eat well, sleep well and attend to my work. I strongly advise all to use Paine's Celery Compound, as it is sure to cure."

THE B. C. L. AND I. AGENCY.

The Annual Report—Payment of a Nine Per Cent Dividend.

The annual meeting of the British Columbia Land and Investment Agency was held at 15 Sergeants' Inn, E. C., London, on the 1st instant, when the subjoined annual report was presented:

The accounts for the year, after payment of interest on debentures and deposits, and making provision for bad and doubtful debts, show a profit of £5,040 1s. 4d. Adding the sum brought forward from last year, viz: £405 19s. 11d., gives a total of £5,446 1s. 3d. Of this amount £3,300 has already been distributed in payment of the full dividend of 6 per cent upon the preference shares, and an interim dividend at the same rate upon the ordinary shares. It is proposed to distribute £615 among the management, leaving the sum £1,525 1s. 3d. now to be dealt with.

The directors recommend paying a final dividend of 3 per cent, making a total distribution of 9 per cent for the year ended 31st December, 1894 (the shares issued 1st January, 1893, ranking as from due dates of calls), and carrying forward the balance.

Reserve fund now stands at £16,000. In furtherance of the policy of the gradual extinction of the item of goodwill, the directors propose to transfer £2,000 from the reserve fund to the credit of goodwill account, thus reducing the latter to £4,000.

During the past year 2,000 six per cent £10 preference shares have been issued as authorized (including those mentioned in the last report), the majority of which have been subscribed for by the existing ordinary shareholders.

Relief in Six Hours.—Distressing Kidney and Bladder diseases relieved in six hours by the "Great South American Kidney Cure." This new remedy is of great surprise and delight on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passage in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by Geo. Morrison, druggist.

ADVICES FROM ALBERNI.

Geo. A. Huff, One of the Candidates for the Provincial House, the Right Man.

Discovery of a Rich Vein on Sam Darr's Mine Produces Excitement.

From Our Own Correspondent.

Alberni, April 10.—Mr. G. A. Huff, our Alberni candidate for the Cowichan Alberni district for the coming election, returned home after meeting with a good reception wherever he visited. We think in him we have the right man for looking after the interests of the district, and which we trust he will succeed in representing, as a more active and reliable man could not have been selected. His interests are virtually wrapped up with those whom he is striving to represent. Besides being in business as a storekeeper he is a considerable land owner and a supporter in general of anything calculated to be of service in the development of good, sound business. It is understood from very good authority that he is to commence a fishery here at once. We wish him every success; no one has taken a more active part in catering for the requirements of Alberni, and especially in the mining interests, than G. A. Huff. It is certainly to him that a good many miners here, who are in their claims to-day, owe their present fortunate position. We hope that Alberni and Alberni-Cowichan voters will land him a winner in the present contest for the general good of the district.

The weather has been wet and unsettled, delaying outdoor work in general.

A blacksmith and wagon-maker's shop is an addition to the town, in the name of Watson & Co.

M. M. Sareault, of the Alberni hotel, intends making additions to his already commodious house in the erection of a billiard room with a new bar room. Both will be apart from the main building.

Mr. George Forest arrived here the other day from the east with his bride and were guests at the Alberni hotel some time. He removed to his new house yesterday.

Mr. Child left yesterday morning for Victoria on business in connection with the Alberni mines.

George Brown leaves to-morrow morning for Granite Creek in connection with the placer mining.

The erection of the Presbyterian Indian mission school and board house will commence as soon as the lumber can be supplied.

The road to China Creek is getting fast pushed through.

A fine ledge has been found on the Ophir mineral claim on Mineral creek. This claim belongs to George Brown, of Alberni.

Work on the trail to the "Star of the West" mineral claim on Granite creek looks well, and the gold is worth in Alberni $2.50 more per ounce than China creek gold.

Work on the Missing Link is progressing favorably, and the ledge shows well for free mining gold.

William Campbell, the managing director of the hydraulic works on China creek, is expected here soon and will at once commence work. This company has plenty of capital for all practical purposes and means business.

To-day, April 10th, at 4:30 p.m., Sam Darr, who is the owner or part owner of a claim on Mineral creek, has sent a messenger down to speak of the discovery of a very rich vein, surpassing anything that has ever yet been found and which has nearly turned our heads round. As far as I can learn at present the quartz as they get into it gets richer and is free milling gold. All is excitement.

Rheumatism Cured.

Rheumatism is caused by lactic acid in the blood attacking the fibrous tissues of the joints. Keep your blood pure and healthy and you will not have rheumatism. Hood's Sarsaparilla gives the blood vitality and richness and tones the whole body, neutralizes the acidity of the blood and thus cures rheumatism.

THE UNEMPLOYED.

In order that the unemployed may have a chance of utilizing idle land in the outskirts of the city for cultivation for the purpose of raising food for themselves and families, I shall be pleased to confer with parties who are willing to grant free use of such lands for the season. Those willing to assist in this good work will please leave their address and particulars at the City Clerk's office.

ARGENTINE AND CHILI.

Friendly Relations Betwen the Two Southern Republics.

London, April 11.—The minister of foreign affairs for the Argentine Republic cables from Buenos Ayres to the Argentine minister at London saying that the relations of the Argentine Republic with Chili are maintained on the friendly conditions as heretofore, and there is no reason to presume that peace will be disturbed. He adds that there are no international dissensions likely to cause an alteration in the tranquility of the Argentine Republic.

Spring Work Well Under Way on the Ranches in the Okanagan Valley.

MIDWAY.

Midway Advance.

Messrs. Rickards and Thompson have located a claim on Ingram mountain, near the Bruce, which they call the Laidlaw. The ore carries principally copper, but has not as yet been assayed.

On April 4th Mr. L. Bosshart made another discovery in the Skylark camp. He came upon a nice vein of ore, which he located, calling it the Alta. The name given to the claim might apply equally to the altitude of the mine and the quality of the ore found.

Messrs. J. Coryelle and McCarren located a claim on April 3rd in Smith's camp, to which they gave the name of Nickel Silver. Samples of ore shown would tend to prove that it is a good location. They also on the same date took up another claim adjoining the Alma Belle, which they style the Mountain Lion.

For some time past Mr. R. G. Sidley has been having development work done on his mine, The Anarchist, at Camp McKinney. A few days ago good rich ore, showing free gold, was struck at the bottom of the shaft. Last summer a mill test was made of ore taken from this mine, which gave very satisfactory results. The quartz is free milling and rich in concentrates.

The Lake Mining Claim, a north extension of the Last Chance, Skylark camp, was bonded on the 5th of April by Mr. Corbett to Mr C. C. Sands. The indomitable Mr. Sands has thus a bond on a valuable property, and we shall hope to see ere long the Lake Mining claim in the hands of capitalists. We understand that development work will commence immediately.

Mr. W. Dickman has recently been doing considerable work on his claim, the Defiance, in Providence camp, and has some very good ore in sight. The main lead of the Last Chance has been traced into this claim for some 800 feet, showing up a good body of rich ore two feet wide, with a well defined clear cut walls. When better developed the Defiance should be able to turn out ore for shipment, as we believe it is rich enough to stand the freight.

We are pleased to chronicle the bonding of the Monarch claim, in the Greenwood camp, on March 21st last, to Mr. P. A. Largey, of Butte, Mont. This claim was formerly owned by Messrs. T. Humphrey and Ewen Keightley, to whom was paid the sum of $1,000 cash, on the bond, the full consideration of which was $10,000, one half to be paid on August 1st next, and the balance on January 1st, 1896. Mr. Largey may be congratulated on having secured one of the many good properties to be found in Greenwood.

Mr. W. G. McMynn paid a welcome visit to Grand Prairie on Tuesday last. His errand was the payment of the men who had been employed on the construction of the bridge at McLaren's. The bridge now completed and open for traffic is really a strong construction, well built and calculated to withstand any strain that may be put upon by floods in the future. Since the advent of our assistant commissioner of lands and works, Mr. Norris, into the lower country, these bridges are being built so that the top structure shall be out of the reach of high flood water. Formerly, had a little more money been spent in carrying the piers of these bridges a few feet higher, many hundreds, if not thousands, of dollars would have been saved to the government as a result of last year's floods.

ROSSLAND.

(Rossland Miner.)

W. J Twentyman, till recently foreman on the Le Roi, has been awarded the contract to sink a shaft six feet by ten on the Gertrude to a depth of 100 feet at a price of $20 a foot. Mr. Twentyman is working three eight-hour shifts and paying $3.50 a day, being the first to restore the standard wages of the camp before they were reduced by the Le Roi company two years ago.

T. O'Farrel owns a remarkable fragment of a mineral claim on Red Mountain. It is called the Thekla and is bounded by the survey lines of the War Eagle, Number One and Josie. It comprises about half an acre.

The Great Western Mining Company was incorporated in Spokane on March 30th under the laws of the state of Washington with a capital stock of one million dollars. The directors for the first six months are: John M. Burke, of Coeur d'Alene City, Idaho; Charles S. Warren, of Butte, Mont.; Chase Barr, of Rochester, Ill.; and D. M. Drumheller, Jarvis B. Jones, H. M. Stevens, and Louis E. Bertonneau of Spokane. This company is formed to take over and develop the Great Western and Golden Chariot mineral claims, originally owned by Gus Jackson and recently bonded by J. M. Burke, interested along with whom were C. S. Warren, of Butte, and J. B. Jones, of Spokane. The prospecting shaft of the company is now down 25 feet.

Quite an excitement has been raised about the Slate creek mining camp in which Colonel Hart, representing the Bimetallic Mining Company, has bonded a number of claims and to which he is pushing a road through the snow. The Slate creek camp is situated in Washington near the international boundary line and on the summit of the Cascade range. The veins, from all accounts, are small, but rich in free gold on the surface. No development work of any extent to prove their depth has yet been done. The camp is attracting a good deal of attention at the present time, but it cannot be said, whatever its future may be, to have at present as solid a foundation of developed mines as the Trail creek district.

One of a similar character to that of the Trail creek mines is known to exist on the headwaters of Champion creek, which falls in to the Columbia river above Trail landing and on the opposite side of the river.

VERNON.

Vernon News.

Mr. B. Crichton, of Kelowna, who has recently purchased the Simpson ranch for $3,000, was in town on Saturday. He intends to go into dairying on a rather extensive scale in a few month.

Mr. E. H. Wood has his spring work well under way on the Walker ranch. He is putting in about 400 acres of wheat, 100 in oats, and 35 in barley.

On Tuesday morning Mr. J. B. Donald, who last week was committed for trial on the charge of falsifying and mutilating the books of the firm of Riley & Donald with fradulent intent, appeared before Judge Spinks at Kelowna, having elected to be tried under the speedy trials act. The case was dismissed.

A. G. Fuller, Thos. H. Milne and Fred H Barnes were elected to fill the vacancies on the board of aldermen.

NELSON.

Nelson Tribune.

R. E. Lemon of Nelson is either lucky or unlucky. Last year when he sold his interest in the Josie, a Trail creek prospect for $7000, he thought he was playing in good luck. Experts now reckon the Josie to be worth $100,000.

It is said that an assay of the tailings from the concentrator at Pilot Bay shows that the iron contains from 4 to 5 per cent. nickel. It is also said that the company is figuring on the erection of a 500-ton concentrator at the Blue Bell mine and adding a copper stack to the plant at Pilot Bay. This looks as if the Kootenay Mining & Smelting company was going to disappoint the croakers who predicted that a smelter could not be made to pay in Kootenay.

Seventy men are now employed on the Silver King.

The boys at the Pilot Bay smelter are getting so that they can handle themselves as if they were raised around a smelter. The night gang easily run through 50 tons of ore on their shift, and at midnight on Thursday one million pounds of bullion had been turned out.

LA RAVUE NATIONALE.

Recueil Mensul de Lectures Canadiennes-Francaises.

The above is the title of a new French magazine about to be published in Montreal by Captain Chartrand, late of the French army, Chevalier of the Legion of Honor, and member of the Society of Men of Letters, Paris, France.

Captain Chartrand is a native of and well-known in Canada. During his early life in Montreal, his native place, he was managing editor of Le National, Le Bien-Public, and was associated with the Hon. Mr. Laframboise and Messrs. David and Beausoleil. While absent from Canada he enlisted as a private in "La Legion Etrangere," was promoted to be lieutenant in the Zouaves, in Africa, and afterwards was made captain of one of the crack regiments in the French army, the "Chasseurs Alpin." During his service as a soldier he kept up his love in literary pursuits, and his relations with journalism. He is the author of several highly interesting works dealing with military life in France and Africa. As correspondent of a number of French newspapers in Canada, his contributions were much esteemed. After eighteen years' absence from his native home, the larger portion spent in arduous military service, full of adventures and the dangers of campaigning in a semi-tropical climate, he is naturally anxious to settle down and enjoy the peace and the comforts of a civilian life with his family, amid the scenes and associations of his native land.

His ambition is to maintain a high class, illustrated French magazine, after the style of the leading American monthlies, or those of Paris. "La Ravue Nationale" is printed on fine paper, printed in the best style, with illustrations by well qualified artists. It contains 112 pages of reading matter, contributed by the foremost writers in Canada. It is essentially a literary, family magazine; no word appears in its pages bearing directly or by inuendo out of harmony with sound moral principles, or refined taste. The range of subjects are eclectic, comprising arts, science, literature, criticism, historic sketches, short stories, with articles on finance, commerce and industries, treated in a popular, readable style. Religious topics are dealt with in a becoming spirit of reverence and the delicacy needful to avoid giving offence to the most devotional spirit.

Each number contains besides special

1. Review of Foreign affairs.
2. Medical gossip on hygiene.
3. Finance and business of the day.
4. La mode.
5. Review of books, etc.
6. A song with original music.

There is no doubt this magazine will afford an especially valuable field for advertisers representing all departments of business, as it is very widely circulated amongst, and is carefully read by families in cities and country places. A year's numbers, when bound, will make two handsome volumes and as the matter of the magazine has a large element of permanent interest, it will be kept carefully for this purpose by its subscribers, so that in all public and private libraries "La Ravue Nationale" will have a place amongst other literary works for all time.

Special Note to Advertisers.—The present circulation of "La Ravue Nationale" is about 5,000, placed in the hands of the clergy, professional classes, merchants, and leading citizens, French and English, all over the country. $3.00 a year, 25 cents a copy, in advance. For subscription address "La Ravue Nationale," 7 Place d'Armes square, Montreal. For advertising rates apply to A. McKim & Co., general advertising agents, Board of Trade Building, Montreal.

CHANGED VIEWS.

Prominent Methodist Minister has Ideas of his Own.

Richmond, Va., April 11.—Rev. Dr. Richard M. Smith, professor of Greek, Hebrew and Sankeyite of Randolph Macon college, where the Methodist ministers of Virginia and North Carolina are educated, will soon resign his position at the institution. He will take the step on account of a change of his views on religion. It is difficult to state what Dr. Smith's views really are, as he admits himself that he is in a state of great uncertainty. He is inclined to doubt the inspiration of certain portions of the Scriptures and where he grants the inspiration at all, it is not in any special sense. That is to say, he believes the Bible to have been inspired, just as the church hymn book is inspired and that St. Paul and other Bible authors were inspired men just as Martin Luther and John Wesley were inspired. They were just and good men but not specially filled with the inspiration of the Creator. It is also stated that Dr Smith doubts the existence of the Holy Spirit and that he believes God's infinite justice will save men from eternal punishment.

PRINCE CHARLIE.

The Hero of the Jacobite Romance as Pictured by Andrew Lang.

He was a young Prince Charming, beautiful, brave, capable of enduring hardships, and, till his misfortunes soured him, not only kind but of an uncommon and almost impolitic humanity. Well might Walton, the spy, pronounce him, with the blood of John Sobieski in his veins, "a far more dangerous enemy to the present establishment of the government in England than ever his father was." In those days when a king of some sort was a necessity, England seemed to have in Charles a king born to be adored. But the tendency of things was invincibly against him. He appears, I own, to myself, to have better qualities than any man of his line since the Fourth James fell at Flodden. There was nothing in his Scotch expedition, till the fatal morrow of Culloden, that did not become a gentleman and a king. The Cameronians, a feeble but virulent remnant of the auld leaven of the Covenant, publicly blamed his "foolish lenity and pity" to the "red-coats whom Providence put into his hands." If his courage is accursed, so has that of the Marlborough been, and the evidence of Malcolm McLeod, already quoted, "never was a man not a coward so prudent, nor a man not rash so brave," may be taken as disposing of the childlessly malevolent accusation. He was gentle and considerate till misfortune taught him suspicion, and hope deferred made the heart sick. The exposure which he bore so gallantly in the Highlands, and the habits of that country, taught him his fatal vice, which corrupted and debased a character naturally noble and generous. In peace may he rest—he that once was brave, beautiful and kind; courteous, compassionate, and much enduring; the last Prince of Romance; the last who woke the ancient loyalty of the Highlands.—Andrew Lang in Scribner.

EASTER IN THE CHURCHES

Special Choral Services to be Held in All of the Churches of the City.

Episcopal Churches Prettily Decorated for Occasion—Order of Services.

The forty days of fast and abstinence known as the lenten season, terminates today, and Easter Sunday (to-morrow) there will be special observances in the city churches. Easter morn, as good Christians believe, Christ rose again from the dead after interment in the sepulchre for three days; and to commemorate this event the evangelical churches decorate their places of worship, and vie with one another in the presentation of beautiful musical services. It is a Christian feast of joy and music, and will contrast with the imposing and solemn melodies of lenten. The services in the local churches are:

St. Andrew's Presbyterian, corner of Douglas and Broughton streets, Rev. W. L. Clay, pastor.—Public worship at 11 a.m. and 7 p.m. Sabbath school and Bible class at 2:30.

St. John's church is not in the background in the decorations. The ladies of this congregation have always excelled in decorative art, and this Easter decorations are as pretty as they can be. There will be Holy Communion at 8, and service at 11 in the morning, and also the usual 7 o'clock service in the evening.

The Easter festival service Monday night at 8 will be a special feature. The following is the programme:

MORNING.

Organ voluntary—"Fughetta" in D.....Alex. Guilmant
Processional aymn, "Christ Our Passover".....Dr. Preston
Psalms for the day—
Te Deum.....Kotschmar
Solos by Mr. R. Middleton and Mr. Morris.

Mr. Bridgman.
Anthem—"I am Alpha and Omya"..Stainer
Solo by Master Sheriff and Mr. P. Wollaston.
Organ solos—
"Loccata in G".....Dubois
"March in D major".....Guilmant
Mr. Bridgman.

The services will be conducted by the rector, Mr. P. Jeans, Archdeacon Scriven and Canon Beanlands.

CHRIST CHURCH.

The ladies of Christ Church Cathedral have decorated the church in a very pretty manner. There was a resplendent array of calla lilies. The decorations are quite in keeping with the joyous feast of Easter. Services will be held at 11 a.m. in the morning and 7 at night, besides which there will be early communion services. At the morning service an anthem "Christ Our Passover" will be sung and a hymn by Bridgwater. At the evening service the choir will render Burnett's Magnificent in F, and the anthem, "Christ Our Passover," by Schilling.

ST. BARNABAS.

The choral celebration of Holy Eucharist will be the principal service. The singing will be of the best, the service, "Adlam's in F" being lately sung at St. Paul's, London, England. The order of service will be as follows: Holy Eucharist, 8 a.m.; Mattns, 10:30 a.m.; choral celebration of Holy Eucharist, 11:15 a.m.; "Adlam's Service in F"; festival evensong and sermon, 7 p.m.

ST. ANDREW'S CATHEDRAL.

At St. Andrew's Roman Catholic Cathedral services will be at the usual hours. The musical programme will be as follows:

Opening Voluntary.....Organ
Kyrie.....Coupe
Gloria.....Coupe
Credo.....Coupe
Sanctus.....Coupe
Benedictus.....Generallis
Agnus Dei.....Coupe
Offertory, Ave Verum.....Wigand
Grand March.....Organ
Complin.....Bishop Lutus
Domis Israel, duet and chorus..Mendelssohn
Ave Verum, solo and chorus.....Wigand
Ave Maria, solo and chorus.....Gounod
Tantum Ergo.....Goeb
Grand March.....Organ

Mr. Chas. Lombard, director, and Mrs. Lombard, organist.

The ladies of the Altar Society will decorate the altars. The main altar is one mass of flowers and wax tapers, the effect when the candles are lighted is very pretty.

METROPOLITAN METHODIST.

The Metropolitan Methodist church has been very prettily decorated, a large number of calla lilies having been received by Mrs. Dunham from San Francisco for the purpose. The pastor, Rev. S. Cleaver, M.A., will preach at 11 a.m. and 7p.m. Sunday school and Bible class at 2:30 p.m. The choir under the leadership of Clement Rowlands will render a special choral service the order of which follows:

Morning: Hymns 171, 174, 178; anthem, "Thanks be to God;" solo, "A World of Sin," Mrs. Rowlands.

Evening: Hymns 170, 175, 721; anthem, "He is Risen" with solo by Mrs. Rowlands; quartette, "Glorious Things of Thee are Spoken," solo, "I Know that My Redeemer Liveth," Madame Laird.

ST. ANDREW'S PRESBYTERIAN.

In St. Andrew's Presbyterian church to-morrow the services will be appropriate to the Easter season. Organist Burnett and the choir have prepared special music for the occasion as follows. Morning: Anthem, "They have taken away my Lord," solo by Miss Brown, and quartette and chorus from "Messiah." Evening: Anthem, "As it began to dawn," solo by Mrs. McCandless; recital and solo "But thou did not leave," Mr. Hood; offertory, solo, "I know that my Redeemer liveth," Miss Hutcheson and other selections from the Messiah. The pastor, Rev. W. L. Clay, will occupy the pulpit both morning and evening. In the morning his subject will be "Christ's Resurrection," and in the evening "The General Resurrection." The young ladies of the congregation have the church prettily decorated with flowers, moss, evergreens and festoonings of ivy.

Reformed Episcopal—The services at this church promise to be of unusual interest, particularly so as a te deum and jubilate part of Mr. Bradley's new service in F will be rendered by the choir for the first time. An interesting recital and vocal and organ music will be given in the evening at 7 o'clock.

Anthem, They have taken away my Lord." The Choir.
Organ Solo, ..."Reverie." Mr. Bradley.
Vocal Trio, "Protect us through the Coming night." Miss Mount, Mrs. Heimcken, and Mrs. Higgins.
Solo, ..."But thou didst not leave." Mrs. Schwengers.
Organ, ...Andante in G.
Vocal, ...O Rest in the Lord." Mrs. Heimcken.
Organ, ...Adagio from Sonata
Vocal Duet, ..."Love Divine." Miss Mount and Mr. Higgins.
Organ, ...Grand Offertoire.
Anthem, ..."The Lord is my strength." The Choir.
Organ, ..."Lift up your heads" (Messiah.)

FIRST PRESBYTERIAN.

First Presbyterian church, corner Blanchard and Pandora streets, Rev. Dr. Campbell, pastor—Services at 11 a.m. and 7 p.m.; Fellowship meeting at 10 a.m.; Sabbath school and Bible class at 2:30. Y.P.S.C.E. on Tuesday evening at 8 o'clock. Congregational prayer meeting on Thursday at 8 p.m. The pastor will occupy the pulpit at both services. Evening subject: "Christ the Light of the World."

ST. JOHN'S.

Evangelical Church of England, R. E., King's Road, cor. Third street—Being Easter Sunday there will be no service in the morning at the mission. Members will attend the Church of Our Lord, Humboldt street, at 11 a.m. Children's service, Church of Our Lord at 3 p.m., conducted by the Rev. G. C. King. Service as usual at the King's road mission at 7 p.m. Sunday school at 3 p.m.

Calvary Baptist church, Herald street.—Rev. Clement King will conduct the services morning and evening. Evening subject: "He is not here; He is risen." 2:30 p.m., Sunday school; 6:15 p.m., B. Y. P. U. prayer meeting. Thursday, 8 p.m.—The regular prayer meeting.

Emmanuel Baptist church—Services at 11 a.m. and 7 p.m. Rev. A. J. Welsh, of Nanaimo, will preach morning and evening. Sunday school and pastor's Bible class at 2:30 p.m.

Centennial Methodist. Rev. Joseph Hall, pastor.—Morning: The Resurrection of Christ. Evening: Search the Scriptures.

Central Presbyterian church.—Services 11 a.m. and 7 p.m. by Rev. Alfred Fowler, B. A. Sunday school 2:30 p.m.

Theosophical Society, 28 Broad street (Williams' Block).—Public meeting at 8:15 p.m. sharp. Subject: "The Place of Peace."

Late Locals.

—Go to the Regent for 5c. schooners. *

—Insure your plate glass at Mellor's. *

—Midway reports a rush of mining men to that prospective mining centre.

—Fine art serges, and a line of Liberty Oatmeal cloth just received by Weiler Bros. *

—Trout fishing opens on the 15th. A complete stock of tackle at Fox's, 78 Government street. Call and examine it.

—Japanese rugs (for the money) are the most effective floor coverings in the market. We are direct importers and have a large stock. Weiler Bros. *

—Don't forget that by leaving your order at the Victoria & Sidney station, Hillside avenue, you can have first class timothy hay delivered to any part of the city for $11 per ton. Telephone 511. *

—Hobbs: "Why, where did you get that elegant suit?" Nobbs: "At Stewart & Co.'s, 36 Fort street. There you can get the best goods, correct style, neatest fit, finest workmanship, and at lowest prices."

—On Good Friday and Easter Monday trains will leave the V. & S. railway station, Hillside avenue, at 7 a.m. and 1 p.m. Returning, will leave Sidney at 8:15 a.m. and 6:15 p.m. Saturday and Sunday, trains as usual. *

—On and after Monday the 15th instant the cars of the Victoria Electric railway company will commence running at 6 a.m. instead of 7 a.m. as heretofore. Last cars at night, same time as at present.

—Without a solitary person or mourner the body of Richard Horne, who was burned to death in the View street fire on Thursday morning, was interred yesterday afternoon at Ross Bay cemetery. The funeral took place from the undertaking parlors of W. J. Hanna.

—Victoria was visited by a small sized hurricane from the south west to-day. Early in the day there was a crying need for the watering carts and they appeared after a time. No damage was done by the wind although a few signs were blown down. It was quite rough in the straits.

—The members of the I. B. A. A. are busy decorating A. O. U. W. Hall for their annual ball next week. The club have a well earned reputation in this respect, having assisted other affairs and organizations many times. There are some novelties promised this time and a beautifully decorated and nicely arranged ball room is assured.

—There should be a good turnout to-night at the city hall to make arrangement for the Queen's birthday celebration. The night is rather a poor one on which to get a good representative meeting and it is to be hoped that people will strain a point and go to the meeting. A majority of the people want a celebration, but it is going to take good hard work to get it up sucessfully.

—The tug Tepic, with a barge laden with stone in tow broke down off the San Pedro yesterday and was brought in by the tug Vancouver. Her shaft broke and she is at present at the Albion Iron works being repaired. The stone was for the new post office and was from Keefer's quarry, Burrard Inlet. Part of the stone was discharged this morning by Elford & Smith, but the wind got so high that the work had to be suspended for the day.

—If you are interested in Church windows or art glass for dwellings of the plainest or most elaborate character, it will certainly repay you to communicate with McCausland & Son, 68 King St. W., Toronto. World's Fair judges reported as follows:—"The specimens of memorial stained glass windows, and art glass for doors and windows of dwellings exhibited by Jos. McCausland & Son are of the highest order of merit and possess several strikingly clever and original features."

—The bark Melrose has got to sea, but not before having considerable trouble with the crew who refused duty and gave no reason for refusal. Captain Peterson went up town Thursday night and bought six pair of handcuffs and with the aid of a provincial police officer, the irons were put on three men and they were temporarily sent down the hold. But they soon changed their minds and agreed to work. One of the crew is still missing. He got an advance from the captain and has failed to put in an appearance.

—Captain Patterson, of the food and shelter home of the Salvation Army, says the new shelter will be formally opened within a fortnight. Work on the building is being pushed forward at a rapid rate. He asks wishes to say that donations of all kinds are most thankfully received for the food depot. During the week gifts have come in from the following kind friends: R. Porter & Sons, a friend, London Bakery, Ideal Provision store, Marshall & Co., J. R. Smith & Son, Parker's meat market, friend, L. Goodacre, R. Eccles. Captain Steven, the newly appointed officer to take charge of the local corps, is expected to arrive to-night.

—Copies of the following notice from William Brown, assistant general freight agent of the C. P. R., are being sent to shippers here by George E. Courtenay, general agent of the line: In order to expedite the delivery of small shipments of freight from British Columbia coast points, commencing Tuesday, April 9th, we will load a special car (or more if required) exclusively with less than carload shipments for the Kootenay country. These shipments will leave Vancouver every Tuesday, reaching Revelstoke in time for the boat leaving Friday morning for Robson and freight should reach the different Kootenay Lake points on Saturday or Sunday. Agents will please see that shippers and merchants are promptly notified of this, and make the necessary arrangements to insure these shipments being at Vancouver not later than 5 p.m. Tuesday evening.

Quick Time to the East.

The Northern Pacific railroad company has put into effect a new and shorter schedule for eastbound trains, which now leave Seattle at 2 p.m., and Tacoma at 3 p.m., daily, making the run to Chicago in 16 hours less than heretofore. Time to New York, four and a half days. Best schedule ever in effect across the continent. Passenger trains are all now lighted by electricity and heated by steam. For tickets apply to E. E. Blackwood, agent, Adelphi Building. *

DON'T MAKE ANY MISTAKE
When ordering Soap. See that you get what you ask for. Most people are now using FINDLEY'S, and they say that for quality and easy washing it cannot be beaten. It is not hard on the hands and makes the clothes soft and clean with much less rubbing than ordinary laundry soap.
Give up the idea that you have to use Eastern Soap, and patronize an industry that is a benefit to your city. We are spending our money here, and by manufacturing a strictly first class article we intend to stay, and ask you one and all to give our different brands of Soap a trial, and we feel assured that you will never use any other.

WE DO NOT NEED to visit the principal Cities of the East to find out that the
Columbia and Crescent Bicycles
are the best wheels in the market.
A 28-pound SPECIAL CRESCENT wheel, ridden by a novice, takes first place in the 15-mile road race on Good Friday.
A COLUMBIA Wheel, also ridden by a novice, takes second place.
The best that can be said of any other wheel is that it is "just as good as the COLUMBIA." Don't put up with anything just as good. Let the model be the standard itself.
